WHY TACTIQ WORKS

Built on proven coaching principles

UEFA Methodology

Every session follows the same four-phase structure used by UEFA-licensed coaches — Activation, Technical, Game Scenario and Cool Down. Not random drills. Structured player development.

Built in Under 60 Seconds

Answer 5 questions about your age, ability and focus. Tactiq generates a complete session with pitch diagrams, coaching points and progressions — instantly. No planning. No guesswork.

Visual Pitch Diagrams

Every phase includes a clear SVG pitch diagram showing player positions, movement patterns and equipment placement. Export the whole session as a PDF and take it to the pitch.
